Data sheet:
CN-219

Product code : CN-219
Product name : Micro USB Cable for smartphones
EAN code : 8716502022168

You can use this USB cable to connect a smartphone, such as a Blackberry, HTC, Nokia, Samsung, Sony Ericsson or LG, to your computer.

You can then recharge the device via the USB connection and also, for example, copy photographs to and from the computer. Almost all telephones which can be connected to a computer have a Micro USB connection, so you can use the cable without any problems.
